## The Democrats Pledged Themselves to Reduce the Cost of Living---But Living Expenses Are Now the Highest on Record

*The following is a plank from their Platform of 1912*

"The high cost of living is a serious problem in every American home. The Republican Party, in its platform, attempts to escape from responsibility for present conditions by denying that they are due to a protective tariff.

"We take issue with them on this subject, and charge that excessive prices result in a large measure from the

high-tariff laws enacted and maintained by the Republican Party and from trusts and commercial conspiracies fostered and encouraged by such laws, and we assert that no substantial relief can be secured for the people until import duties on the necessities of life are materially reduced and these criminal conspiracies broken up."

### Hoagland and Bride Are Living Apart

MRS. JOHN HOAGLAND

NEW YORK.—John A. Hoagland, the baking powder millionaire, and his bride, formerly Miss Billie Allen, are occupying separate apartments today, although both deny that there is to be a separation. The couple have been married three months. Hoagland is occupying a bachelor apartment at Fifty-third st. and Fifth av., while Mrs. Hoagland calls home, an apartment at E. Fifth-third st. and Broadway.

If it is true, as Mr. Wilson claims, that our present prosperity is not due to the war, then the high cost of living is not due to the war.

The Democratic Party cannot claim the credit for one without assuming the responsibility for the other.
